

Shadowside Fuel Tank Replacement Project

© Copyright 2010, A. Lad Burgin. All rights reserved.

Take a deep breath!

Beneath the cabin
sole lies a 110
gallon corten steel
tank.

Quarter berth removed and cabin sole cut away over tank.

Cutting out the old tank.

New aluminum tanks 22/22/44 gallon fabricated by S&P Sheet Metal

Tanks installed and ready for plumbing.

Project completed!
